MEMORANDUM FOR

Lieutenant General James R. Helmly, Chief, Army Reserve
Lieutenant General Roger C. Schultz, Director, Army National Guard

SUBJECT: Fencing U. S. Army Reserve and Army National Guard Soldiers in the Reserve Officers' Training Corps (ROTC) Program

1. Reference AR 601-210, Paragraph 10-7g, Regular Army and Army Reserve Enlistment Program.
2. Currently ROTC cadets who are not yet in the advanced course, and are serving in a Selected Reserve (SELRES) unit, are considered deployable with their units. In the current National Emergency, this creates an unacceptable situation as more and more cadets are being mobilized, forcing them out of the ROTC program, and effectively mortgaging the future of the officer corps. We must protect our investment in these cadets by allowing them to continue to pursue their degree and commission.
3. Effective immediately, as an exception to AR 601-210, paragraph 10-7g, all contracted ROTC cadets are to be considered non-deployable until they either, receive their commission and complete their Officer Basic Course, or they are disenrolled from the program. Additionally, all officers in the Early Commissioning Program who are finishing their degrees are to be considered non-deployable for a three year period after they receive their commissions or until they receive their degree, whichever is less. This time period is necessary to allow them to complete their degrees and be eligible for promotion to Captain.
4. The point of contact for this action is LTC O'Keefe (703) 695-6673.
